Unlike any other Candidate, I am not going to tell you what I think you want to hear. I am not going to try and buy your vote using your money. I will inform you what you need to know.. (and you are not going to like what I have to say in my manifesto).

Please remember the Election Promises that was made by both Labour and Fine Gael in the election of 2011. Did they keep them??? NO THEY DID NOT.. Do you think they will keep their Promises now ??

I Make only 1 Promise.. if elected to serve you I will not claim the salary of a T.D., I will claim the expenses office, phone, post etc... Yes I will work for nothing. Ireland is the Eye of a Hurricane everything looks O.K. nice and calm but this will be very short lived. As a Candidate in this Election it is my duty to inform you of the facts whether you like it or not.

By voting you may get the Candidate you seek by not voting YOU get the Government You Deserve.

Elect someone new.

Lets be clear I can't do any worst than this Government or the last.

Let's Start to rebuild our society together. Let's make History together.

I ask for your No.1 vote... Vote Gorman #1.

Yours in respect,

William D.J. Gorman

**God Save the Citizens and People of Ireland.**

## Corruption in Ireland.

Corruption has grown under Fine Gael and Labour. Their responses are wholly inadequate and continue to show their lack of interest and awareness of the seriousness of the changes which are needed now more than ever. Fine Gael, Labour, Renua, Social Democrats..... and the Green Party are not the solution, nor do they have any real strategies to deal with corruption. They are in fact the problem. They are part of the Golden circle, along with the Irish Public Service, unions and the European Union. Corruption can only be stopped by starting at the Top.

## United Ireland.

I am a Brooker (born in donnybrook), a Dub, A Republican and a Irishman. I wish like all True Son's and Daughters of Ireland, I would like and wish for an United Ireland by Consent. An old saying "never let your heart rule your head". I wish for a United Ireland but hand on heart I know that it will not be possible over the next 25 years. Northern Ireland is a Non - functioning Economic entity, 1 in 3 work in the Public Service, just 15% work in the Republic.

The Deficit is higher in the North about double what it is in the republic head to head. The 1.8 Million people in the North can't support themselves.

We in the Republic can barely stand on our own 2 feet as it is with 450,000 on the Hospital waiting list, 150,000 on the Housing list, 1 in 4 Children going to bed Hungry and 1 in 4 under 25's unable to find any work.

Economic instability if not sheer collapse of the Irish State under the weight of the North would drive us all backwards.

I do wish for a United Ireland by consent.

We are not ready for it now We need to get things right for both the North and the Republic. Maybe by 2050, things will be right for a United Ireland.

Lets work together for that day.

**God save the Citizens and People of Ireland. God save this Republic.**

**Vote Gorman number 1.**

## Labour and Fine Gael - Attack the Unemployed.

"Now we all know there are people who will never work. Who are Allergic to Work, so we're not including these in the Statistics, but everyone who wants a job will have a job in the next couple of years".

said by Michael Noonan 7 May 2015 "Kilkenny Chamber of Commerce Lunch".

What was said was supported fully by the Labour Party.

This is absolutely outrageous and typical of Labour and Fine Gael in

Government, this Government attitude shown time and time again, utter contempt for those on low incomes, the unemployed, the sick, old age pensioners, the homeless, the working poor, those hardest hit by their recession and those from Marginalised Backgrounds. Labour and Fine Gael are just being insulting and offensive to the Citizens and People of Ireland.

Those who are unemployed are genuinely trying to get into the workforce.

But we don't have the Jobs. Where are the Jobs??? We need 300,000 Jobs. Where are the jobs??

It should be noted that when Labour and Fine Gael took office in 2011 Ireland had about 19,000 Millionaire's.

To-day 5 years later Ireland has 90,000 Millionaire's. 340% increase. 70,000 Millionaire's made by Labour and Fine Gael in just 5 years.

Now you know who Labour and Fine Gael have been working for, over the last 5 years. It's time to give Labor and Fine Gael a Kicking.

Don't Vote for Labour or Fine Gael the parties of the Rich and the parties who attack the poor. **Vote Gorman number 1.**

## Legal Aid / Legal Costs.

Legal Aid and Legal Costs in Ireland are far too high.

Action needs and must be taken.

1. 10 - 15% cut to Solicitors (etc) hourly rate of pay working under Legal Aid.
2. First €520 +vat will have to be paid by the person applying for Legal Aid.
3. Any person who is granted Bail who then commits an offence will not be given Legal aid. If the person is found not guilty Legal Aid less the first €520 +vat will be paid. If the person is found guilty that person must and will have to pay full Legal Costs.

People are making Millions from Legal Aid. This must stop. Legal Costs in Ireland should be no more than 15% above the Legal Costs within the Euro Zone.

## Bail / Electronic Tagging.

We need to look again at our Bail Laws. Far too many people commit other offences while out on bail.

My plan to deal with this is:

1. All who are granted Bail will be Electronic Monitored and will face curfews.
2. All person's who are Electronic Monitored / Electronic Tagging will have to pay some of the cost.

€5 per week for someone on Social Welfare. €10 per week for someone with a job. When Bail is granted Electronic Tagging will be put in place attachment orders will be put in place to cover some of the costs of Electronic Tagging.

## Migrant Workers not needed in Europe.

Some people say that Migrant Workers are needed in Europe. This is not the case. Let me set out the facts. Over 26 million young people under the age of 25 can't find work they are unemployed. Yes 26 million. Over 30 million part time workers are seeking more hours in order to make a living and get by. Over 4 million old age pensioners are in real poverty. Over 1 million people in the UK need to go to Food Banks to get food because they are unable to buy food. Over the Next 10 - 15 years over 100 million Non-E.U. Nationals plan to try and move into Europe. We can't cope as it is.

Migrant Workers are being used by Business to cut wages etc of European Workers. This must Stop.

## Drugs Decriminalized / Legalised Drugs for personal use.

I am against the decriminalizing and Legalise Of Drugs for personal use. You may not know that Ireland must pay over €100+ Million Euros each year to the European Union because of Drug use here in Ireland.

Money that should be put into the Housing list or cutting the Hospital waiting list. If Drugs like: Cocaine, Heroin, Ecstasy, Cannabis Herb/Resin, Ketamine and Crystal Meth was all Decriminalized for personal use the following would and will happen:

1. The price of Drugs would go up by 10 - 15% overnight.. thats a fact.
  2. House Crime and Car Crime would go up by 20%.
  3. House Insurance would go up within the first year by 30 - 40%.
  4. Car Insurance would go up within the first year by 25 - 30%.
- It should and must be noted that most house and car crime is done because of the need to get cash / money to buy drugs.
5. Gun crime would go up by 20 - 30 %.

82% of students have taken illegal drugs. 55% of the LGBT Community have and are taken illegal drugs. Drugs are a threat to the person, family, society, the economy and the State.

Action must be taken.

The Gardai and Customs & Excise say that they seize 1 in 10 shipments of Drugs in Ireland. This is not true.. it's a lot of Bull. The Gardai don't know how many people take drugs or sell Drugs and thats a FACT.

Action needs to be taken.

500 extra Drug Dogs are needed for the Gardai and Customs & Excise. A Drug Dog is worth the same as 10 members of the Gardai. All non - E.U. Nationals in Ireland that buy and sell and use drug should be deported.

All Citizens from Ireland and the European Union Nationals will face cuts in Tax allowance's, tax Credits and Benefits who are found buying, selling and taking drugs. 25% cut for 1st. offence. 50% cut for 2nd. offence. 75% cut for 3rd. offence. 100% cut for 4th offence. for up to 1 to 5 years. Lets have a real war on Drugs, those who buy, sell and using, not just using words, Action must be taken. **Vote Gorman number 1.**

## The I.R.A. and I

In the 1980's on 2 separate occasions I saved the lives of a number of Active Volunteer's and members of the I.R.A. Both times I spotted wires from the underside of the car. First time I did not know what it was, on the second time I knew it was a bomb.

I said to the men on the second occasion that we are all "dead men walking". They said I was a "Dead Man Walking", a nickname the I.R.A. members gave me that day, that I am still called today.

They asked me if they could do anything for me as I had saved their lives. I asked that those who are hurting me would be made stop.

3 weeks later I was taken by a member of the I.R.A. one of those who I had saved to a meeting.

At the meeting was all the volunteer's that I had saved, and a number of other people.

A man asked me if I was willing to take an oath. I said I would be willing. I was asked to place my hand on the Irish Tricolour and make an Oath. which I did.

The Oath I took was:

1. Not to tell the names of the Volunteer's the members of the I.R.A. that I had saved.
2. Or give any information that could lead to their names being known to the Gardai etc.
3. No information on the two cars would be given.
4. No information to be given about the 2 locations.
5. And No information of when where and what time the two separate occasions concerning the actions i took to save members of the I.R.A.

I was asked then would I give my word not to tell anyone about the meeting, not to give any information about who, what where and when, concerning the meeting. I asked if I was to make an Oath on the tricolour.

I was told no my word would be O.K. I gave my Word.

A man got up and walked over to the table which the Tricolour was on. I did not know who this man was. I did find out some time afterwards that he was a Senior Member of the I.R.A. Army Council.

This man then placed his hand on the Tricolour and stated that those who was hurting me would be made to stop and that they would never hurt me again. I was asked to leave the room and go outside, which I did. I did not know what happened after that until 2007. I was told then what took place in the room. The Man, gave 2 orders.

1. That those who was hurting me was to be told to stop or made to stop by what ever means had to be done. The I.R.A. was ordering the abuse to stop and that no one was to hurt me.
2. That all members and Volunteer's of the I.R.A. was to take action by whatever means to keep me safe and so long as I kept my oath and Word no one was to hurt me or put my life at risk.

The Senior Member of the I.R.A. Army Council said that the army Council was giving a Guarantee over my safety. And that all members and Volunteer's was to take whatever action was required to keep the Army Council guarantee in place and that action was to be taken against anyone that put my life at risk so long as I kept my Oath and word. The I.R.A. kept their word the abuse was stopped within 2 weeks of the meeting.

In 2007 I was told by one of the members of the I.R.A. whos life I saved that a person had put out a contract out on my life in 1997 and that it was a family member who had paid someone to kill me. The I.R.A. found out about the contract and stopped the hit. The I.R.A. believe that an attack on me by two men in 1996 in which they tried to put a knife into my head, that those two men was paid by a family member.

Today more than 35+ years has passed and I have kept my oath and word to the I.R.A. The I.R.A. have kept their word to have the abuse stopped.

I will keep my oath and word till the day I die.

I can only hope that the New I.R.A. Army Council and all Volunteer's will keep the oath given all those years ago by a Senior member of the I.R.A. Army Council, that I would be kept safe..

I thank the I.R.A. for stopping the abuse....

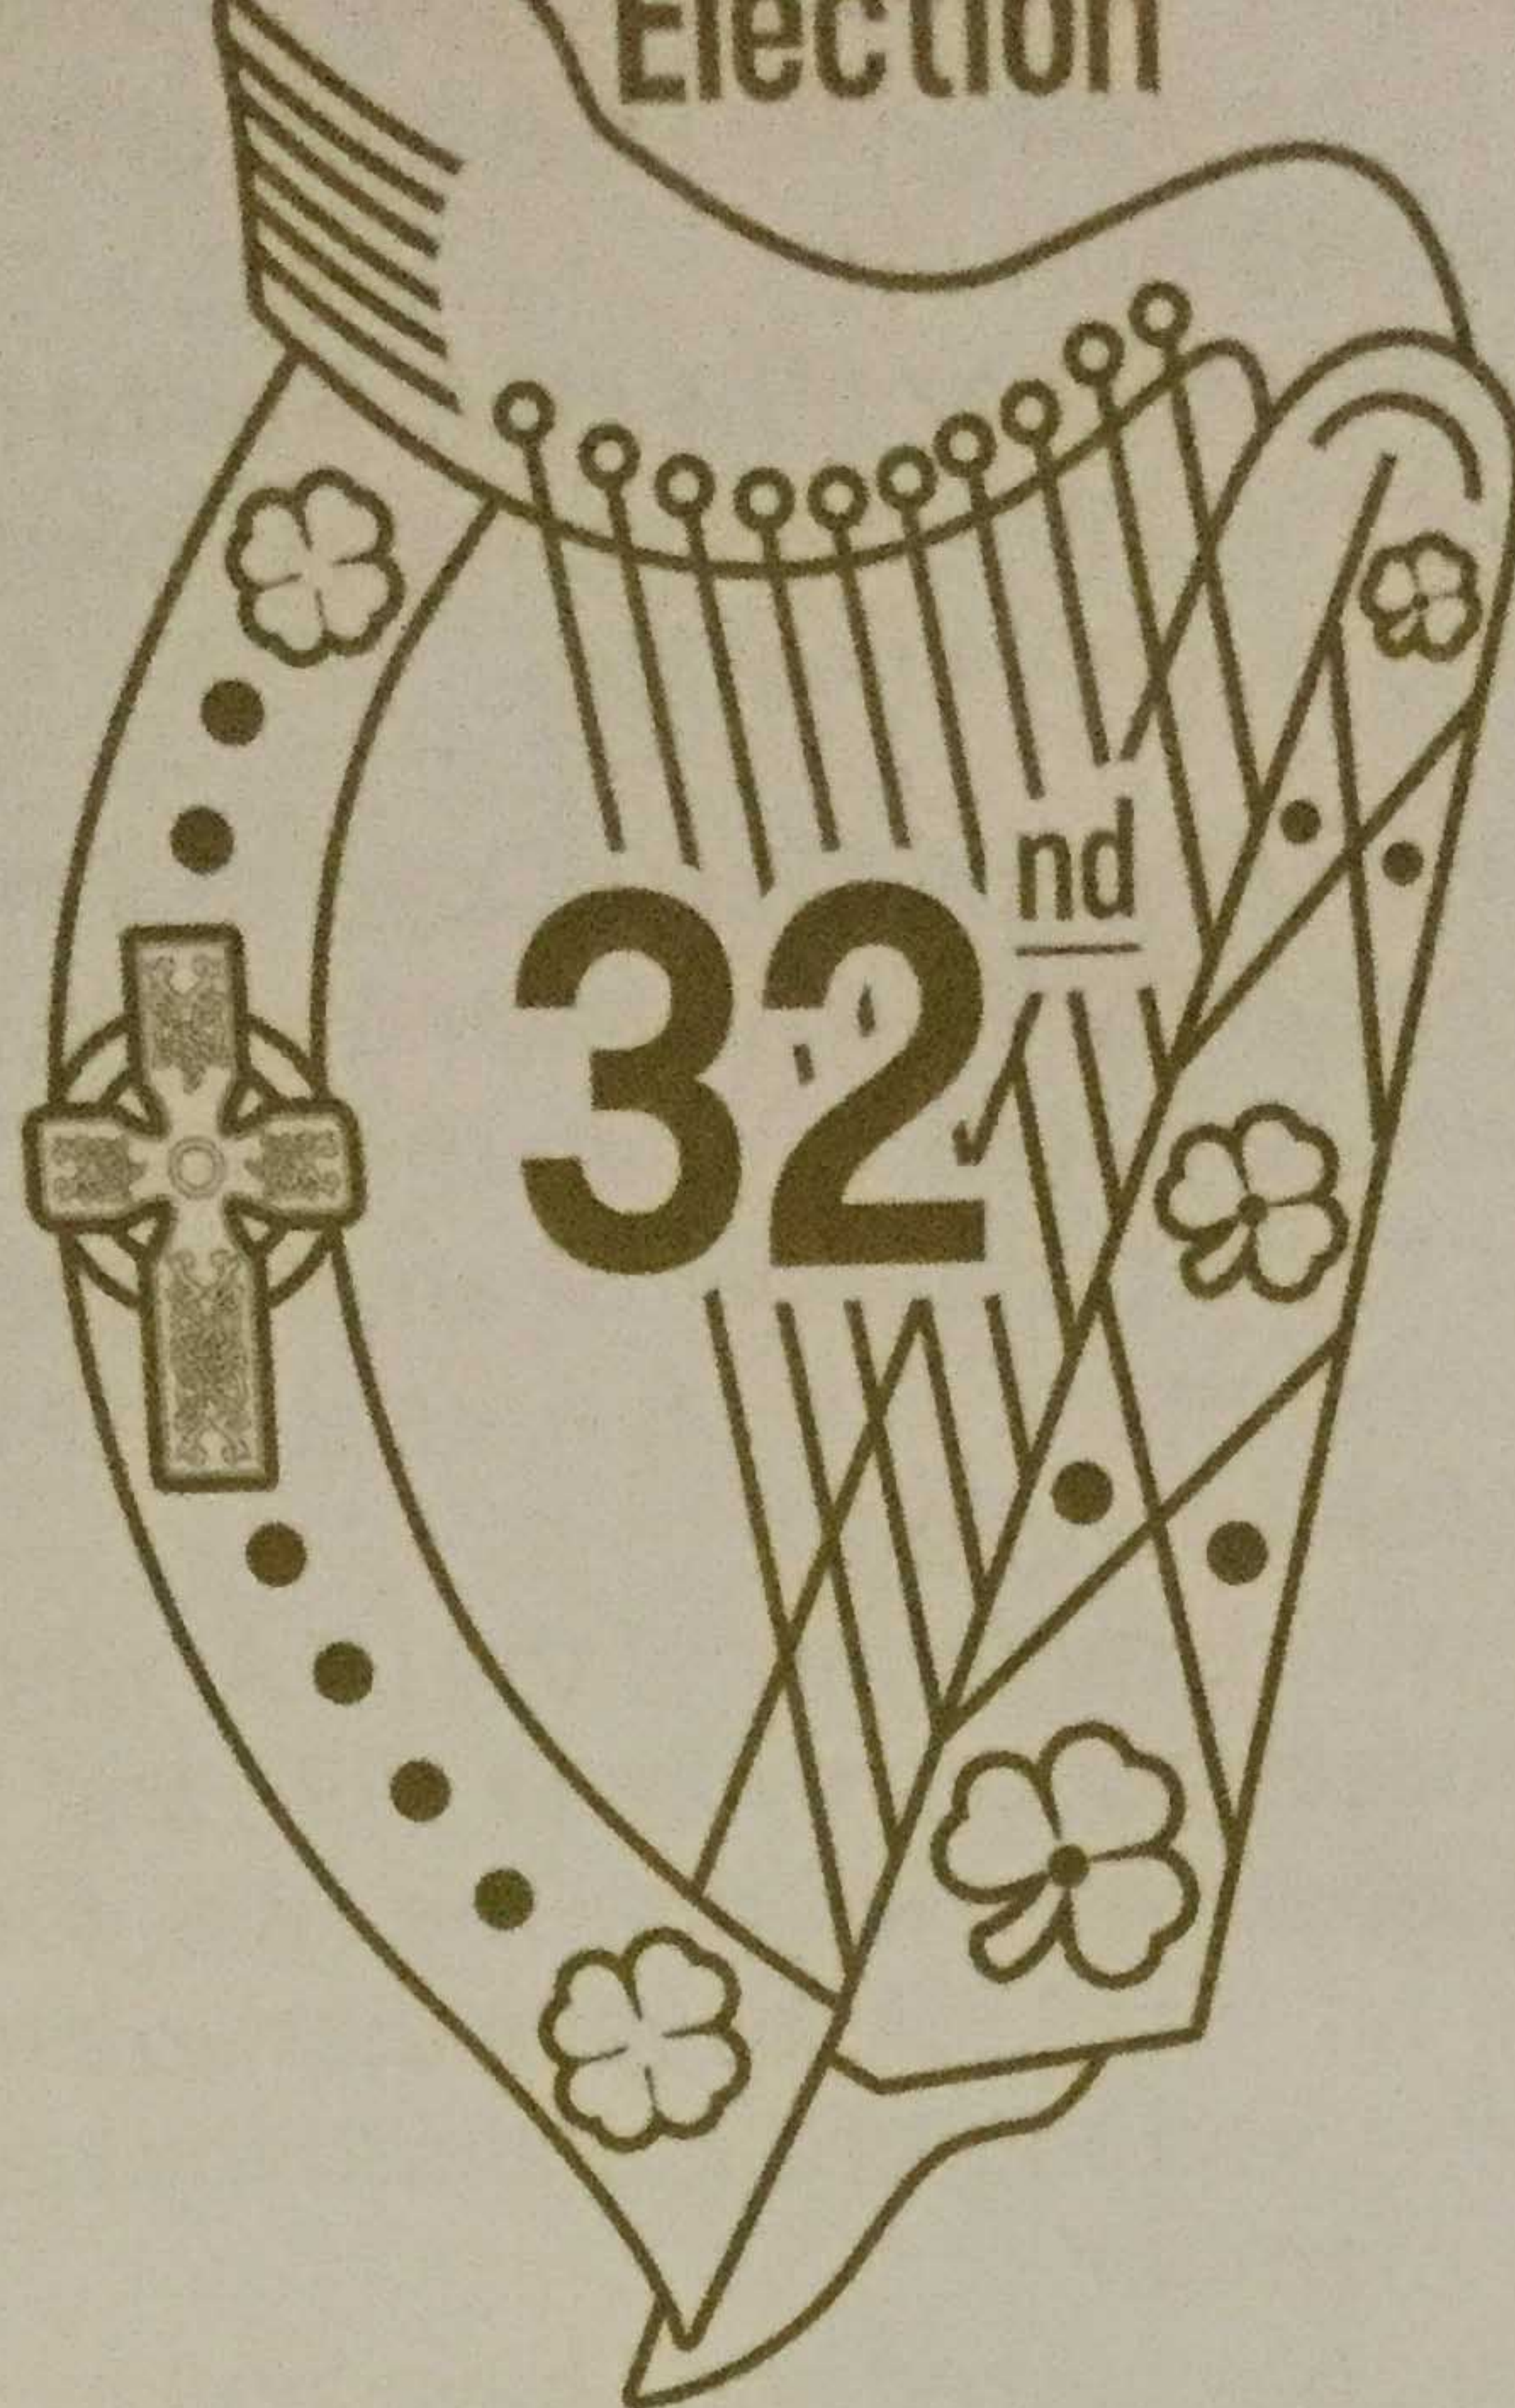

**God save Ireland, God save this Republic.**

## **Universal Social Charge.**

USC brings in €4 Billion a year. Does anyone believe that USC can be abolished without any others Taxes going up or cuts the Public Services or both.

Anyone who believes and thinks that a Tax of €4 Billion a year can be abolished without other Taxes going up or cuts in Public Services or both is a fool, eejit and Total Gobshite.

The USC is a cash cow its that simple. For USC to be abolished other taxes will have to go up. To have no USC, and no other Taxes going up, no public services to face any cuts. Ireland would need to have growth of 7.79% a year for the next 15 years. 7.79% growth a year for 15 years would be needed to pay for The National Dept., public Service, and to cut other taxes. This is not going to happen. So lets be real. Keep the USC until we have better public services, health care and nost important.

## Social Welfare Fraud.

Social Welfare Fraud is about €250 Million Euros a year. I have never reported anyone for Social welfare Fraud and would never do so.

This may sound very strange for an election Candidate to say and put on the record, let me tell you why.

When I was small in Donnybrook I saw a lady buy her shopping week in and week out after about 2 years I asked my Mother a question.

Mum, Mrs X, I see her buy her shopping but I have never seen the dog.. What type of dog is it.. I see Mrs X buy dog food.

My Mother said:

William, Mrs x does not have a dog or any other pets, she buys dog food because it is for her to eat because thats all that she can afford to buy on her very small pension.

I was Shocked that was in the early 70's (73/74).

Today 2016 1 in every 4 children go to bed without food hungry.

School children are taking food from other Children at school because they have no food.

Students, many male students are now Gay For Pay, selling their bodies for money in order to buy food and keep a roof over their heads. That is why I have never and would never report someone for Social Welfare Fraud.

42 years after what I saw as a child, we now have things worst than ever before. All this under a Labour and Fine Gael Government.

The Labour Party that attacks The Poor and gives to the rich.

## Department of Finance - Forecasting.

The Dept. of Finance is like a clock that has no battery. The clock shows 5:05. Well the clock is right every 12 hours 5:05 am and 5:05 pm.

The Dept. of Finance got things so wrong in 2008. Ireland to have soft landing. Now the Dept of Finance is getting things wrong again.

Will the next Government to have extra money maybe up to €12 Billion ... or maybe it will be €8 billion.. or maybe just €3.5 Billion.. extra to spend.

We will only know the amount when its in the bank.

The Dept of Finance takes no account of :

Higher Interests rates by the E.C.B. up to 150 points to go up in 3 - 5 years.

Higher Inflation up from zero to 1.25 %. Higher Oil price. up from the rate today to a high one within 3-4 years. Higher Unemployment around say.. 7%

Lets be clear once the interests start to go up they will go near up 2%..

The irish property market will be hit hard and fast and will keep been hit time and time again. Ireland must be ready for this.

Property prices may fall back to 2010 levels. The E.C.B. would like to see interest rates set round 2%. The E.C.B. would like to see inflation at round 2%. The E.C.B. would like to see Oil Prices at round \$75.00.

A person on a Tracker Mortgage will face a 150% rise in Mortgage repayments within 3 to 5 years.

The Dept of Finance works with a lot of if's and's but's and maybe's....

## Age of Consent.

I am against the lowering of the age of consent. Some people want to lower the age of consent to 13 or 14. If they get their way a man in his 40's will be allowed to have sex with a boy or girl of just 13 or 14 years old.

People want to lower the Voting Age, then once they get that, they plan to lower the age of consent.

Children Must Be Protected against those who want and wish to hurt them.

If you support the lowering of the age of consent so that a person in their 40's can have sex with a boy or girl of just 13 years old. DON'T VOTE FOR ME...

If you support that children need and must be protected against those who wish to hurt and use them..... **VOTE GORMAN number 1.**

It's very clear. YOU CHOOSE.

## 7,000+ Active Paedophiles within the Republic.

100's of Paedophile networks exist in Ireland. Many people will say that Ireland does not have 7,000+ Active Paedophiles.

### My response is:

- Does the Gardai know everyone who takes Cocaine.
- Does the Gardai know everyone who sells Cocaine.

NO THEY DO NOT.

Those who say Ireland does not have 7,000+ Active Paedophiles should say how many they know or think is in Ireland. Put a number on it.

Most standing in this Election don't have a clue about Paedophiles or how many are in Ireland.

Do they care ?? If they did they would be taking about it. Are they ??

Most people think Paedophiles are aged 55 - 80+ years old. This is not the case.

In Ireland today 7,000+ Active Paedophiles are made up of:

6,493 male, 505 female and 2 transgender.

Of these:  
750 are non - EU Nationals, 2,000 are EU Nationals, 250 Northern Ireland and 4,000+ are from the Republic.

The Majority fall within the age group of 20 - 45 years old.

The Youngest in just 13 years old.

The oldest is in his 90's.

Croke Park full of Children aged between 6 - 10 years old (boys or girls or both), a single Paedophile can pick out Children that can be sexually abused who will not talk / tell anyone.

No permanent cure or treatment exist.

No treatment is 100% safe.

Paedophiles need to be put under 24/7 365 Electronic Monitoring for Life.

All Children are in Danger from a Paedophile no matter how old the Paedophile is even in his 90's. **Vote Gorman number 1**

## LGBT Community and I

I have long links to and with the LGBT Community going back now 36+ years. Time has gone by very fast.

My first LGBT Venue was the IGRM off bachelors walk in Dublin 1.

My very first pub I was drinking in was The Viking Bar on dame street (now brogans). I was underage when I was drinking in The Viking Bar.

I then became a Volunteer in the Hirschfield Centre, helping others get out GCN. I helped on the Door of Flickers Disco at the weekends. In the 1980's I also gave out free Condom's to sex workers male and female.

My first election as a Candidate in an Election was as a Candidate standing for Election to the NGF (did not get a seat).

In the 1980's and 90's along with 3 others, we paid for the Funerals of members of the LGBT Community who died from HIV / AIDS, who's families disown them.

About 8 years ago I put forward a proposal to have a Private Members Draw, the Prize being a house in Dublin with €100,000 to do up the property and all profits from the Draw about €100,000 to €150,000 would go to the LGBT Community in the hope to set up something like "The Albert Kennedy Trust" in Dublin to help young homeless people in crisis.

I got no support for this. No one came back to me to talk about it. The Draw Never took place.

I was involved with 4 others to try and but The Dragon and the Howl at the Moon. I was to be 50% owner of the Howl at the Moon and work also in the Dragon Bar. If things had worked out. We had a cash offer but a problem took place with the otherside and no offer was made.

I was also then going to seek to buy brogans of Dame street and reopen it as the Viking Bar, just like the old one.

In 2015, I took a very very small part in the Marriage equality Referendum. I did give €1,250 to groups on the YES side. I know that it was very small but it was something.

I am Bisexual. I am Not a LGBT Community Candidate. I am a Candidate for all, young, old, able, disabled, straight, gay, bisexual and transgender.

**I ask for your number 1 vote. Vote Gorman number 1**

## Islamic State - TO Attack the LGBT Community in Ireland.

Islamic State are planning to launch a large scale attack on the LGBT Community here in Ireland, which may coincide with Gay Pride Dublin.

The Soft Targets are:

Panti Bar, The George, The Front Lounge, The boiler house.

The attacks will be coordinated, to hit all targets at the same time. The attacks may take place at Gay Pride or any Friday or Saturday night after 8 pm. 8 to 10 members of Islamic State may be involved in the attacks. Each will have, Hand Grenades, AK47's, Suicide Belts / Vest packed with 1.5 to 3 Kilos of High Explosives. Mass Shootings and then Suicide Bombings.

It would take up to 15 to 20 minutes for armed Gardai E.R.U. (emergency response unit) to respond. With respect to the members E.R.U. going up against an AK47, the Gardai would have little hope.

The Firepower of a AK47 has to be seen. I have.

The gardai would have to call out the Army which would take up to 15 - 20 minutes.

In total 30 minutes could pass before the Gardai and Army have the Firepower in place that would be needed to deal with 8 - 10 members of Islamic state.

In that time up to 500+ people could be dead or injured. That's a simple FACT. I support The Irish Army and The Gardai. Whatever they need or want they must get to protect the Citizens and People of This Republic.

It is not a Question of if Islamic state attacks, it is only Question of When.

In Ireland today more than 400 support and fund Islamic State.

THEY MUST BE FOUND.

**I ask for Your number 1 Vote. Vote Gorman number 1.**

## Turkey - A Terrorist State

1. Turkey supplied chemical weapons to groups in Syria who used on their own people.
2. Turkey is helping to sell oil for Islamic State therefore is helping to fund them. Turkey supplied chemical weapons to groups in Syria seeking the removal of the Government in Syria. Groups used chemical weapons on innocent men, women and children in order to get the US Government to attack the Army and Government of Syria. This plan did not work, no attack took place against the Army and Government of Syria because the U.S. found out that groups used chemical weapons on their own people.
